

Verification of GeoVerify

Shoppers will enter a special code in the box to the right of GeoVerify.
(Shoppers view)

	If you have a GeoVerify Code enter it here: <input type="text"/> 

Shopper enters code into their SASSIE Mystery shop survey.

This is the page after the shopper has submitted their survey. Next to GeoVerify the shopper has error messages.

- Your position was .41 mi from the store location. – ERROR
- Date does NOT match your report shop date. – ERROR

Shopper sees verified time and location after submitting their survey.

	RESULTS: <ul style="list-style-type: none"> ✔ Your position was 0.41 mi/0.66 km from the store location. ✘ Date does NOT match your reported shop date. ✘ If this was unexpected, we recommend that you GO BACK and re-enter your GeoVerify code.
---	---

Once the shop has been submitted and the account rep put shop in Hold B. The only difference on your view is you will see on the right GeoVerify (via JobSlinger Mystery Shop Mate):

At 10:06:23 AM EST on 2013-12-27 the shopper's phone registered [this location](#) (0.41 mi/0.66 km from Shop Location)

[GV status: needs reviewer approval](#)

* You will need to click on [this location](#). This will pull up a Google map. See next picture.

<p>BROKEN ARROW / N ELM - 045 804 N ELM PL BROKEN ARROW OK 74012 US Location: 045 (ref#2414) Area: 7050 (Area 7050 Manager) District: 7053 (District 7053 Manager) Group: 1</p> <p>Click here if manager information is not correct</p> <p>Shop Date: --- Hours: -- Days of the week: -- Due Date: 12/30/2013 Submission Date: 12/27/2013 Submission Due Date: --- Reporting Date: 12/30/2013 Shopper #150: Jennifer Kasinger Shopper Phone #: 918-251-0154 Shop Ref#: 132557</p> <p>Download Guidelines</p>	<p>100%: Speed of Service (Drive-Thru) (0/100)</p> <p>N/A answers are omitted from scoring (total possible points will vary from shop to shop)</p> <p>GeoVerify (go to GeoVerify mobile app): At 10:06:23 AM EST on 2013-12-27 the shopper's phone registered this location (0.41 mi/0.66 km from Shop Location)</p> <p>GV status: needs reviewer approval</p>

Account Rep clicks "GV status: needs reviewer approval" link to see map of shop location and where shopper actually was at time of shop.

After you have click on [this location](#), this screen will come up. You will see a Google map and also be asked to verify that the position of the shopper is correct.

This date and position are:

- Correct
- Uncertain
- Incorrect

Submit.

As you can see on the Google map, it has mapped out the location of the client and the location of the shopper. A) is the shopper and B) is the client.

On the left of the map it gives you turn, by turn directions.

- As you can see this shopper was no where near the client. The shopper was **.4 mi from Shop Location.**
- There shouldn't be any shops more that **.1 to .2 miles** from the fiscal address. This is all read be satellite, so for our very small towns in the middle of no where, you will need to have Becky or Jennifer look these over for verification.

GeoVerify

Using the [GeoVerify Mobile app](#), this shopper's device registered the following position on **11:41:23 AM Monday 12/23/2013**

This date and position are:

A: Shopper's Position. B: Shop Location

- Correct
- Uncertain
- Incorrect

Account Rep compares Shop Location to the actual location of the shopper and marks the GeoVerify code as "Correct," "Uncertain," or "Incorrect" accordingly. If uncertain or incorrect email Jennifer for approval.

Walking directions are in beta. Use caution - This route may be missing sidewalks or pedestrian paths.

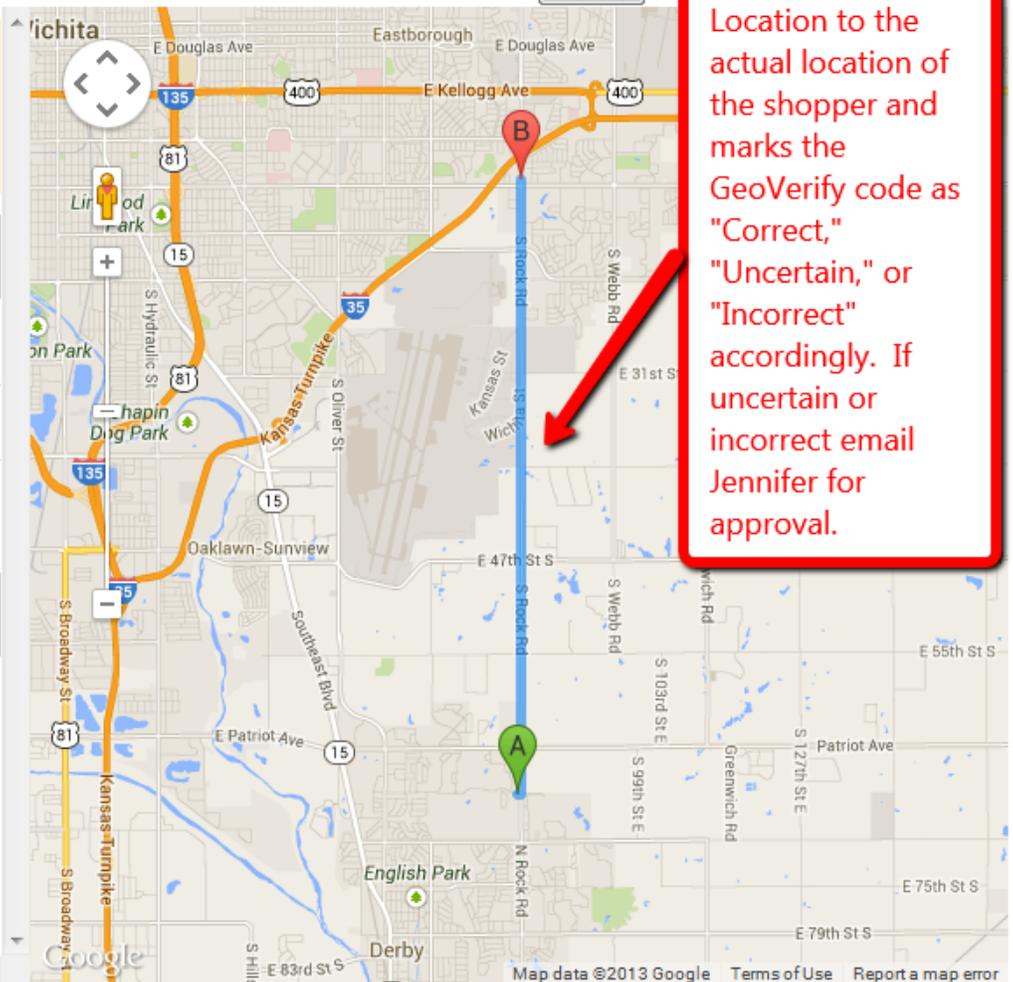

A 1706-1718 East Tall Tree Road, Derby, KS 67037, USA

6.6 mi - about 2 hours 9 mins

1. Head east on E Tall Tree Rd toward N Rock Rd 210 ft
2. Turn left onto N Rock Rd 6.6 mi
Destination will be on the left

B 1254-1284 South Rock Road, Wichita, KS 67207, USA

Map data ©2013 Google

After you have submitted your decision on if the location is correct or not, you will see on the survey “GV status: Incorrect” (Being the shop on this sample, the shopper was not at the correct location, if the shopper was at the correct location you would then see “GV status: Correct”.) and the persons name that marked the GeoVerify.

There is not a trigger or anything that is sent out when GeoVerify is marked “incorrect” or “uncertain”. You will also need to mark in the green box that you are either waiting on Jennifer or Becky OR you are getting with the shopper. Then you will need to put the shop on Hold A and email Jennifer or Becky. Once shop has been corrected by Jennifer or Becky and there is nothing else wrong with they shop, we put the shop on Hold B.
